Mr. Bernard Kears  
ERISA Pros, LLC  
5901-A Peachtree Dunwoody Road, Suite 140  
Atlanta, GA 30328

Dear Bernard,

As you know, ERISA Pros has been our welfare benefit plan compliance service provider for a number of years now. I just wanted to let you know that, having used virtually all of your services, we continue to be very pleased.

Fast-changing laws in this area are a challenge for an employer trying to stay in compliance. However, with ERISA Pros' guidance and assistance, we feel much more confident that we can keep our documents up to date. Your Compliance Specialist walked us through the entire process. Any questions or concerns we had were addressed quickly, and we were impressed with their knowledge and professionalism. We were instructed on which documents we needed and how to obtain them from our insurance companies. I especially appreciated that, with the Platinum program, the Compliance Specialist assembled all of our documentation into an Electronic Document Delivery Package for easy electronic distribution, as well as provided us with a hard-copy binder to be kept on-site for our employees to view as required by the government.

I am particularly pleased that ERISA Pros assembled everything we needed for ERISA compliance and that we now have everything in one place. Consolidating our various component benefit plans into a single plan for reporting and disclosure and replacing them with one comprehensive wrap plan has saved us great time and expense. We would not hesitate to recommend the services of ERISA Pros to other companies in need of assistance and guidance in this regard.

Sincerely,

A handwritten signature in cursive script that reads "Sharon Priebe".

Sharon Priebe, PHR  
Manager of Human Resources
