Dear Mr. Kearse,

We are very pleased with the decision we made to retain the Platinum - Wrap Tight services of ERISA Pros. Due to the complexity of our plan structures, we needed help from a company that would devote the extra time and attention necessary to create customized accurate SPD's. The discovery process that you and your team performed on the front end to learn the details of our plans was crucial to the success of the project. The documents are very well put together and easy to navigate. Together, we now have a great foundation to build upon for maintaining compliance in future years.

Sincerely,
